2026 Collection

My Picks for 2026!

THE SOMERSET TOILETRY Co.

Welcome to our 2026 Product Brochure. Following a bustling 25th anniversary year in 2024, we had planned for a quieter 2025 yet our exciting new product offerings, showcased throughout this brochure, tell a different story. Amidst the designing and formulating, we were truly honoured to be named Somerset's Family Business of the Year 2025 and recognised among the UK's Top 10 SMEs. These awards are a testament to the dedication and passion of our remarkable 76-person team here in Somerset.

Since our inception in 1999, the creative process has always been at the heart of what we do. We continue to craft exceptional gifts, one-offs, and collections for our customers. In 2026, we are delighted to launch a fresh array of new products, all thoughtfully designed to suit a variety of tastes and budgets.

In the summer of 2025, Zantore and I were delighted to attend the Chelsea Flower Show to officially launch our collection with the Royal Horticultural Society (RHS). The bath and body care range was an instant commercial hit, and we haven't looked back since. The collection has since blossomed into a beautifully giftable range, with luxurious soap sets, charming hand care caddies, and a complete hand care set presented in a stunning keepsake tin. Perfect for treating someone special (or yourself) to a little everyday indulgence, whether you're a green-fingered pro or, like me, more of an accidental plant killer!

Beloved since its launch in 2009, our Naturally European collection is evolving to meet modern tastes and trends, while keeping the fragrances you know and love. We've taken plenty of time to consider this redesign to ensure the collection does not lose the essence that has contributed to its past success. At the heart of this refresh are our stylish new white ceramic candles and diffusers, each finished with subtle embossing for a sophisticated touch. Alongside these, we're introducing generous 1L hand wash refills that look great atop the sink and store well under it. Following years of requests from our customers, we are also thrilled to launch glass-packaged EDTs in the collection that feature intensified versions of your favourite fragrances, so you can enjoy them all day long. I truly believe this new chapter elevates the range with contemporary style, while staying true to the soul and timeless charm that has made Naturally European a beloved favourite for over a decade.

Riding the wave of fantastic customer feedback and strong sales, we're thrilled to expand our All Year Round Offering even further this year. Highlights include a highly giftable men's soap trio, a Paris-inspired fruity hand care range, and even more of the pumpkin-shaped hand washes you can't get enough of. With a playful mix of novelty items and contemporary designs, there's something to delight for every taste and every occasion.

Of course, it wouldn't be a Somerset Toiletry Company brochure if I didn't mention our fabulous collection of Christmas

products. We love Christmas here in Somerset and it's clear you all do too! Our expanded range includes more charming musical handwashes to inspire your little ones to keep hands clean, playful bath fizzer crackers, and a collection of elegant gifting items that are perfect for surprising someone special. From stocking stuffers to beautifully presented gift items, our 2026 Christmas offering combines festive cheer with a little style!

On behalf of our entire team, thank you for taking the time to explore our company. We would be absolutely delighted if our products could find a place on your shelves and in the homes of your customers. To our loyal returning partners, your continued support means the world to us - we are truly grateful. Here's to a vibrant, inspiring, and wonderfully successful 2026 for us all!
